Financial Policy
Chase Plastic Surgery
Lawrence J. Chase, M.D., P.C.

1. Each patient is responsible for his/her own bills
2. As a courtesy, this office will submit claim forms to your insurance carrier. In order to facilitate claims processing, we request that you provide all insurance policy information or changes to our office. We will submit claims to your primary insurance a maximum of two times, if needed. If you have secondary insurance, we will be happy to submit it. We will submit one time only to your secondary insurance.
3. Payment of all co-payments or deductibles is requested at the time services are rendered. If your insurance carrier pays you directly, we will be glad to prepare the bill for you, and ask that you pay at the time of service or prior to the surgery. We will be happy to arrange a payment schedule for you. Patients who do not have insurance are asked to pay 100% of services rendered each visit or to make payment arrangements in advance. If insurance payments, co-payments, etc. paid to our office exceed the balance owed on your account an appropriate refund will be made.
4. At times you may be asked to contact your insurance carrier regarding payment of your claim. We have had problems with many insurance companies. You have more influence with your insurance company than we have.
5. We request that monthly payments be made on all accounts with outstanding balances. A bill becomes delinquent after 60 days. If payment arrangements need to be made for your account, please contact our billing company.

6. A service fee of \$25.00 will be charged on all returned checks, in conjunction with Utah State Law.
